

I am very concerned about newer LPFMs. They will hinder my ability to listen to my favorite stations which are heard on FM translators. Please do not give priority to the LPFM stations. I listen to Airl and K-Love. These stations are a great asset to the local community. They provide a positive alternative to their listeners. The message they send out over the airwaves is helping people turn their lives around for the better. The staff at K-Love and Airl truly care about their listeners and are involved with them on a daily basis. The loss of these stations would be detrimental to my community. Please allow K-Love and Airl to continue to encourage and help their listeners. Thank you.
